

MERRIMACK VALLEY INVITATIONAL TRACK MEET

SATURDAY, APRIL 22, 2017

Memo Date:
April 12, 2017

Dear Coaches,

In order to comply with the new rules pertaining to large track meets MV Invite – 2017 meet management will require throwing implements to be certified for use in competition at the meet.

Implement certification will take place in the white storage trailer adjacent to the Athlete Village/Team Tent Area. The implementation certification area will be open from 8:30 am – 11 am

This process is new for our meet management team. Visiting teams should plan extra time for implements to be certified.

Feel free to contact me for additional information.

We thank you in advance for your understanding and flexibility.
