

Permission To Ride Home With Parents From Away Meets

Students are allowed to ride home from away meets with a parent if they have prior approval from the High School Athletic Director Kevin O'Brien. Students may go home with a parent or previously determined adult named in this form. While we encourage students to ride home on the bus, we understand that at times it may be more convenient for them to go home with you. In completing the form below, you will be covered for the entire season and will not need to write a letter for each meet.

If I attend an away track meet, I would like permission to take my child, _____, home in our private vehicle instead of taking the bus if the need should arise. I would like this letter to cover the entire season. I understand that my child will only be allowed to leave with a parent, unless special permission is given by administration.
